Present:
Law Enforcement Carbine Instructor Certification
August 30 – September 3, 2010 UTICA, NY

Law Enforcement Carbine Instructor Certification: An intensive 5-day program designed to impart the elements of carbine weapons system instruction for law enforcement end users. This program exemplifies the core of PFC's proven doctrine with a curriculum that better prepares the instructor than any other state, local, military or Federal firearms certification. Students must successfully navigate 6 examinations scoring no lower than 100% on 1 and no lower than 90% on the remaining 5. This is NOT a "gentleman's course." Topics covered will include, but are not limited to; safety, instructor development, risk analysis, remediation, development of live-fire evolutions, and 4th generation operation of the carbine weapon system. Evaluations consist of a comprehensive written exam, a dry fire limited scope performance test, a live fire qualification course, a classroom presentation, a student-led live-fire evolution and construction of a hazard-mitigating 'risk analysis tool.' Graduates will be able to safely instruct students in carbine fundamentals as well as develop and run basic live-fire evolutions. As some material is of a sensitive nature, applicants are screened on a case-by-case basis. This is an instructor-level course and is NOT a "how to shoot" course. Students who lack superior skills upon arrival stand a very LOW chance of successfully completing the live-fire skills test, which will be administered a limited number of times. (Registered applicants may request a copy of the skills test for practice) For organizations with a burgeoning carbine program or agencies with the weapon well in use, this program is indispensable.

Enrollment

Contact Progressive F.O.R.C.E. Concepts immediately to reserve your slot and receive detailed event information. If you do not wish to pay in full now, you may make a 50% tuition deposit to secure your space. Tuition must be paid in full on or before the first day of training. Participants may download an Application for Instruction via our website at: www.PFCtraining.com

Dates & Tuition

August 30 – September 3, 2010
NYTOA Members: \$925.00
Non-Members: \$1,175.00
